

SleepSafe™

Better Sleep. Healthier Teams. Stronger Results.

The fast, scalable solution for managing sleep disorders and fatigue risk in the workplace.

In high-performance and safety-sensitive industries, fatigue is more than a health issue—it's a risk to productivity, safety, and liability. SleepSafe accelerates sleep disorder detection and treatment, empowering employers to safeguard wellness, performance, and operational efficiency.

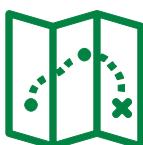

Our Mission: Empower health. Enhance performance. Mitigate risk.

Why Employers Choose SleepSafe

Fast, Reliable Access to Care

- **7-Day Turnaround:** From screening to treatment in just one week vs. 4–6 weeks with insurance programs
- **Skip Insurance Delays:** No red tape. Employees return to work faster with quality care intact
- **Seamless Workflow:** Scheduling, physician consults, and therapy setup all handled for you
- **Return-to-Work Ready:** Employees quickly resume duties while improving long-term sleep health

Nationwide Clinical Network

- **Board-Certified Experts:** Licensed sleep physicians and respiratory therapists in all 50 states
- **Consistent Quality Everywhere:** Standardized care and outcomes across locations
- **Built for Scale:** Designed for multi-site and mobile teams in logistics, construction, municipalities, heavy equipment, healthcare, and more

Knight Watch™ Compliance Monitoring

End-to-End Treatment & Support

- **PAP Device Integration:** Aggregates data from multiple major PAP devices into one compliance source
- **Actionable Reports:** Standardized, real-time data supports compliance and early intervention
- **Automated Notifications:** Patient alerts for easy equipment resupply management

- **Dedicated Therapy Coaches:** Personalized guidance to boost trust, engagement, and adherence
- **Automated Supply Management:** Continuous equipment replenishment for hygiene and comfort
- **Education & Live Support:** Resource and troubleshooting to keep employees on track

Employer Benefits at a Glance

- **Healthier Workforce:** Better sleep lowers health risks, accidents, and absenteeism
- **Sharper Performance:** Rested employees are safer, more focused, and more productive
- **Career Sustainability:** Managing fatigue supports long-term performance and retention
- **Scalable Solution:** Ideal for enterprise-level, distributed, or mobile workforces

Sleep health is workforce health.

SleepSafe delivers a fast, scalable, and employee-focused solution that reduces fatigue-related risks while fueling lasting wellness and productivity.
